## Integration Stay Petitioned by Georgia U.

ATLANTA (AP) — A federal judge restrained Gov. Ernest Vandiver today from closing the University of Georgia by cutting off funds for the institution.

Judge W. A. Bootle issued a temporary injunction ordering the governor and State Auditor B. E. Thrasher not to cut off or withhold operating funds.

Bootle, who last Friday issued an order that the university must admit two Negroes, set a hearing for Thursday morning on whether the injunction should be made permanent.

Bootle acted on a petition by attorneys for Miss Charlayne A. Hunter, 18, and Hamilton E. Holmes, 19, the Negroes who want to pursue their education at ancient and historic Georgia.

ATLANTA (AP) — The University of Georgia continued operating on a segregated basis today because two Negroes ordered admitted by a federal court failed to show up for classes.

"The moment they appear on campus, pay their registration fees and walk into a classroom Gov. Ernest Vandiver will sign an order for immediate closure of the university," an unimpeachable source close to the chief executive told The Associated Press.

This source explained that integration actually begins only when they report at a classroom. Then a state law cutting off funds becomes operative.

Charlayne A. Hunter, 18, and Hamilton E. Holmes, 19, the Negroes who seek to further their education at Georgia, were reported in Atlanta this morning. It was learned that Holmes had been scheduled to appear at a 9 a. m. class, but did not appear.

In the absence of the Negroes and an official order from Vandiver, fewer than normal white students presented themselves for first classes at 8 a. m.

## 'Task' Force to Explain SS Program

By MARVIN L. ARROWSMITH

NEW YORK (AP) — A bustling President-elect John F. Kennedy, striving to tie up loose ends before taking office next week, received another task force report today and held a number of conferences.

The task force report was on health insurance for the aged. It advocated appropriate measures under the Social Security program. It also urged appropriations for medical schools to give the nation more doctors.

The report was outlined to Kennedy by Prof. Wilbur Cohen of the University of Michigan, the task force chairman. Cohen subsequently termed Kennedy enthusiastic.

Cohen said the report recommended an employee tax of one quarter of one per cent, to be matched by employers, as a means of financing the aged insurance program. Medical school funds would come from other tax revenues, he said.

Kennedy met with Gov. John B. Swainson of Michigan, a Democrat, for a discussion of what was termed a need for prompt action to ease unemployment conditions in that state.

An aide told newsmen afterward that Kennedy promised quick action to alleviate unemployment in distressed industrial areas. Swainson said he was "very satisfied" with Kennedy's attitude.

NEW YORK (AP) — A special task force proposed to President-elect John F. Kennedy today a broad explanation of Social Security, public assistance, unemployment compensation and medical education.

The report, drawn up at Kennedy's request, is designed to give the new administration some high priority guidelines.

Among the proposals was a recommendation for the immediate passage by Congress of the controversial health insurance plan for the aged tied to Social Security.

Benefits would be started a year after enactment of the program.

## Reaction to Inaugural Address

LITTLE ROCK (AP) — Reaction to Gov. Orval E. Faubus' fourth term inaugural address today was greeted favorably by legislators who commented.

However, most of the lawmakers said they preferred to make a further study of the broad program outlined before commenting on it.

Cleveland County Rep. Raymond Mays said, "The speech showed the governor still has the interests of the people at heart."

"He laid down a broad and comprehensive program," said Crawford's representative Milton Willis. But I will have to see a real need before I will approve any additional taxes."

Saltine County Rep. Virgil Fletcher also said he would oppose any tax increase.

House speaker John Bethell of Prairie County said he was favorably impressed by the speech.

No one seemed to want to comment on the governor's proposal for a constitutional amendment which would guarantee that no student has to attend an integrated school. Most said the amendment was entirely new to them and they did not want to comment until they had studied it.

## Jury Fails to Return Indictment

JACKSON, Tenn. (AP) — A federal grand jury Monday declined to return indictments after hearing charges that abusive, unsigned literature was distributed during last summer's state Democratic primary for U.S. Senator.

Supporters of Sen. Estes Kefauver, D-Tenn., had complained to federal authorities that persons opposing his re-election circulated the literature in west Tennessee.

Kefauver defeated Circuit Judge Andrew Taylor of Jackson.

## Industrial Group Directors Named

At a meeting last night of the Hempstead Industrial Foundation two directors were re-elected, W. H. Ginter Jr. and Harry Hawthorne. Thuan White was named to the employees group on the board.

## Planes From U. S. Arrive in Laos

VIENTIANE, Laos (AP) — Four armed observation planes and an unspecified number of helicopters from the United States arrived in Vientiane today, raising fears that an arms race will be speeded in Laos.

Some European sources said delivery of the planes could step up the race between the West and the Communists to supply rival sides in the Laotian civil war by increasingly effective weapons.

The observation planes, propeller-driven models armed with two machine guns each, presumably will be used for spotting pro-Communist rebel units threatening the royal capital of Luang Prabang and digging in for a threatened government offensive in the strategic central Plains des Jarrés.

They will be flown by Laotian pilots. A U.S. spokesman said delivery of the planes is authorized by the Geneva agreements permitting the supply of "defensive" weapons to the royal Laotian forces. Helicopters are already being used to shuttle food, gasoline and ammunition to the government's forward movement and to evacuate dead and wounded.

The delivery of the American planes is expected to set off protests from Communist powers supporting paratrooper Capt. Kong Le's pro-Communist forces in Laos. It could also give the Soviet Union and Communist China grounds for supplying similar aircraft to Kong Le's forces. They have been dropping supplies to him by parachute for a month.

Former Resident of Washington Dies in Indiana

Mrs. Tory Manning, aged 81, formerly of Washington, died at her home in Indianapolis, Ind., Saturday.

She is survived by one daughter, Mrs. James Davis of Indianapolis, two sisters, Mrs. Horace Fullerton of Emmet and Mrs. Mabel Frisby of Smackover, five brothers, Gus McClelland of El Dorado, Elbert and L. L. of Prescott, Mat of Delight and Randolph McClelland of Port Arthur, Texas.

## U.S. Maneuvers Near Cuba; Invasion Cry

BY RICHARD VALERIANI

HAVANA (AP) — Annual maneuvers by the U.S. Navy and Marine Corps in the Caribbean gave new impetus to Fidel Castro's nationwide invasion alert today. A high official said all Cuba is under the equivalent of martial law.

Mobilization of military and labor forces throughout the island was speeded as Castro's regime prepared for an invasion it insists is coming from the United States by Jan. 18.

More soldiers took battle stations along Havana's seafloor Malecon Drive. Militiamen dug more trenches in public parks and gardens along the ocean.

U.S. officials in Washington and Guantanamo Bay, Cuba, denied there was aggressive intent behind the maneuvers, which started Monday. The Marines will train on Vieques Island, off the coast of Puerto Rico and about 1,375 miles east of Havana. While ships of the maneuver force will call from time to time at the U.S. Navy base on Guantanamo Bay, the Navy said, the exercise had been planned some time ago.

The government-controlled Cuban press denounced the naval activity as warmongering and provocative.

"Prensa Libre" said the maneuvers were designed to encourage counter-revolutionaries "supplied by the Pentagon and Central Intelligence Agency" in case their enthusiasm had been dampened by Cuba's display of military might in a huge parade in Havana Jan. 2.

The maneuvers would serve as a "covering play" for ships and planes bringing invaders, the newspapers charged.

The semi-official "Revolucion" charged the United States is mining Guantanamo Bay and unloading large quantities of medicine at the base.

"Revolucion" said the U.S. supercarrier Franklin D. Roosevelt, which visited Guantanamo Bay Monday, will be incorporated with several destroyers into a combat unit to be stationed in the area.

Sam McGill Heads School Board Again

At a school board meeting last night Sam McGill of Fulton was re-elected president of the group for the 1961-62 term.

Norman Moore was named vice president and Mrs. Frank King will serve as secretary.

The group re-named James H. Jones as superintendent for another two-year term.

Four Die in Train, Car Collision

HARVEILL, Mo. (AP) — A Missouri Pacific passenger train crashed into a car at a crossing in this small southern Missouri town Monday evening, killing four persons.

Dead are Homer Clifton 36; his wife, May, 35; their two-year-old daughter, Patricia Ann; and Claude Hastings, 40, all of Harveill.

The engineer, James Smith of Little Rock, said he thought the car would stop because it had plenty of time. He said the train approached the crossing at 75 miles per hour with its whistle blowing.

Harveill is 10 miles south of Poplar Bluff and 11 miles north of the Missouri-Arkansas state line. The crossing is on the Mo-Pac main line between St. Louis and Little Rock. The train was en route to Texas.

First National Bank Doubles Its Capital

First National Bank stockholders voted to increase its capital stock from \$100,000 to \$200,000, subject to the approval of the comptroller of the currency, at the annual stockholders' meeting today.

The stockholders elected W. H. Ginter Jr. to the board of directors to succeed his late father, W. H. Ginter, and re-elected other directors as follows:

Guy E. Basye, Herbert Burns, J. P. Duffie, Vincent W. Foster, Thomas E. Hays, W. Kendall Lemley, Syd McMath, E. M. McWilliams, Earl O'Neal, Lloyd Spencer and E. P. Stewart.

Officers were re-elected as follows:

Lloyd Spencer, president; W. Kendall Lemley, vice-president; Syd McMath, executive vice-president; Thomas E. Hays, vice-president and cashier; Cecil J. O'Steen, assistant cashier; Genie Chamberlain, assistant cashier.

Charges Filed in Death of Cy Honea

A charge of manslaughter was filed Monday in Miller County Circuit Court against Oscar Lee Scott, 43, of Bossier City, La., in connection with a fatal hit and run accident Saturday night in which Cy Honea, 62 of Blevins, was killed.

Scott was released from custody under a \$5,000 bond pending arraignment before Miller Circuit Court Feb. 27. He was arrested near Hope shortly after the incident at the quarantine station between Fulton and Texarkana.

Deputy Prosecutor John Goodson of Miller County said a drunk-a-meter test showed Scott to be well under the influence of intoxicants at the time of his arrest.

# U. S. Now Has Problem With Silver Price

By FRANK CORMIER

WASHINGTON (AP)—The U.S. Treasury, already beset by a gold problem, is facing a troublesome silver situation.

By mid-1961, if present trends were to continue, the department would lose its long-standing power to dictate the international price of silver.

Should that happen, you might have to pay more for a wide variety of items ranging from silver jewelry to photographic film.

An increase in the price of silver also could affect coinage in many parts of the world. Some countries might find their silver coins worth more in silver than coins and toss them into the melting pot.

Balanced against these effects would be bigger profit margins for silver mining companies which presumably would expand production and payrolls.

International discussion of the silver situation has been prompted by mounting evidence that the Treasury's grip on the international silver market has been weakening.

The Treasury puts a ceiling on the price by maintaining a stockpile from which it sells to silver users. Its current selling price is about 91 1/2 cents an ounce. Obviously, users refuse to pay more elsewhere so long as the Treasury sticks to this price.

During 1960, the Treasury stockpile was reduced by 5 million ounces and on Jan. 1 stood at 123 1/2 million ounces. So far this month, there has been a further reduction of more than 1 million ounces. At this rate, the supply would be gone by mid-1963.

Should the stockpile run dry, the Treasury would lose its power to dictate the price of silver. Furthermore, since the stockpile also furnishes the 40 million ounces used each year to mint new U.S. coins, the department would have to go into the market to buy silver.

In the present supply and demand situation, the price of silver would rise if the Treasury ceiling were broken. The upward price pressure stems largely from strikes which cut production in 1959 and 1960, coupled with big silver purchases by France which has adopted a heavy silver franc. In addition, the mint is using more silver for coinage and industrial uses are expanding.

One reason the Treasury hasn't been anxious to boost its fixed price is that the biggest benefits would go to foreigners. The United States uses about 100 million ounces of silver a year, of which about 65 million ounces are imported.

## Regional Farm Leaders Meet

MEMPHIS (AP) — About 70 regional leaders of the American Farm Bureau Federation are in the midst of a three-day policy planning meeting here.

Heading the group is Charles Schuman, Sullin, Ill., farmer and federation president, who discussed farm policies last week with President-elect John F. Kennedy.

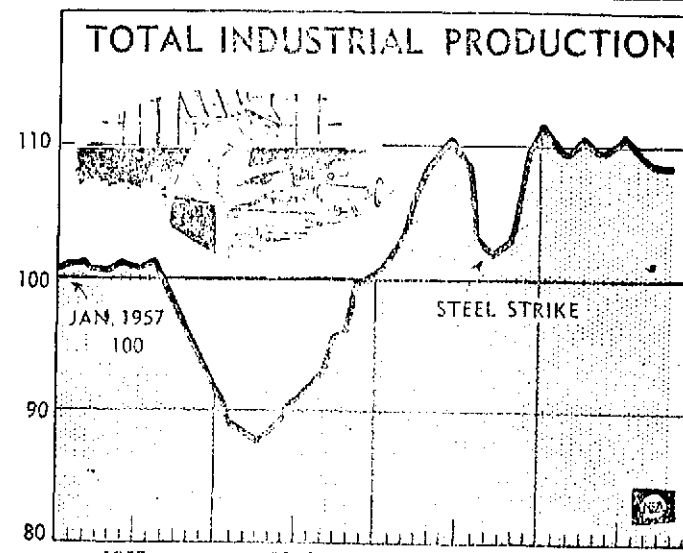

In an interview Monday, Schuman predicted the nation will get "more responsible action" on farm legislation during the next few years.

"I think there is a good chance now for some constructive legislation," said the head of the normally conservative group.

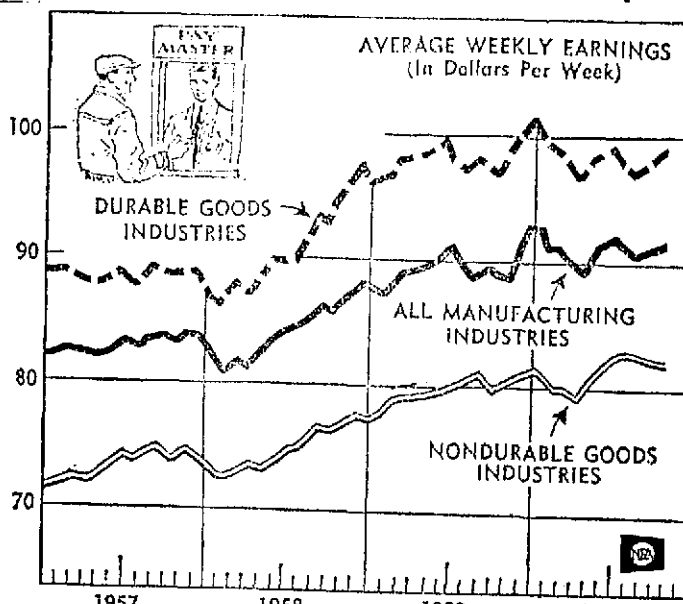

Attending the meeting here are representatives from Arkansas, Mississippi, Texas, Oklahoma, Kentucky, Louisiana, Alabama and Tennessee.

## \$75,000 Fire at Marvell Probed

MARVELL, Ark. (AP) — Firemen today probed the ruins of a laundromat in the Marvell business section in an effort to find the cause of a fire that caused \$75,000 damage in this Phillips County town Sunday.

Asst. Fire Chief Edmund Hirsch Jr. said the fire broke out in the Puckett Laundromat, a two-story building, and the walls collapsed onto two one story structures, heavily damaging them.

Hirsch said the Thomason Grocery and Ford Drugstore were heavily damaged and the laundromat was a total loss. He estimated the damage.

**County Road Bill Is Introduced** — A proposed constitutional amendment which would make the three-mill county road tax a continuing levy and permit an additional seven-mill tax for county roads was filed today in the House.

Sponsored by Bradley County Rep. Bill Wells, the proposed amendment would require initial approval by voters of the three-mill tax.

Thereafter, however, it would not have to be referred to the voters each two years—as it is now.

The only way the road tax could be repealed under the proposal would be for the Quorum Court to refer it to a vote or for opponents to file petitions carrying signatures of at least 50 per cent of the qualified voters in the county.

The additional seven-mill tax would be levied under the same terms as the three-mill tax now is. It would have to be put to a vote every two years.

# 43-Day Spa Race Season Requested

LITTLE ROCK (AP)—A bill to permit Oaklawn Park at Hot Springs to hold a 43-day spring racing meet was introduced in the Arkansas-Senate today.

Sponsors included Sens. Q. Byrum Hurst of Hot Springs and Ellis Fagan and Max Howell, both of Little Rock.

The bill would amend present racing laws which permit two 31-day meetings in any calendar year. It provides that a track may decide to have one 43-day meeting instead of two 31-day events.

Although two meetings per year are permitted, the Hot Springs track traditionally has held only a spring meeting.

Hurst said passage of the bill did not necessarily mean Oaklawn would have a 43-day meeting.

"Last year, for example," Hurst said, "He had to extend the racing meet for a week because of bad weather. This was illegal under the law which requires that the meeting be held on 31 consecutive days. Under my bill such an extension would be legal."

The State Racing Commission would have authority under the bill to license the track for a 43-day meeting.

# Ike to Call for Balanced U. S. Budget

WASHINGTON (AP) — Republican leaders said today President Eisenhower will send Congress a balanced, nonpolitical budget for the fiscal year starting July 1. They also said the budget for the current year will end up in the black.

Eisenhower's budget message is to go to the Capitol Monday. The description of it as balanced and nonpolitical came from Sen. Everett M. Dirksen of Illinois and Rep. Charles A. Halleck of Indiana, the Senate and House GOP leaders, after they had conferred with Eisenhower for more than two hours. They said most of the conversations concerned the budget.

Dirksen told newsmen at the White House: "This budget would be the same if Dwight Eisenhower were to continue in office."

Dirksen and Halleck declined to give the budget figures.

But they said the budget provides for projects that are necessary for the national well-being yet will "keep our fiscal house in order" by living within our revenues.

Dirksen said Eisenhower in his budget message will again stress the necessity of living within revenues.

Halleck, taking note of various "task force" recommendations to President-elect John F. Kennedy, said some of these spending recommendations could throw the budget completely out of balance.

It was the last meeting of the Republican leaders with Eisenhower before he leaves office Jan. 20.

# Bill Would Outlaw Communist Party

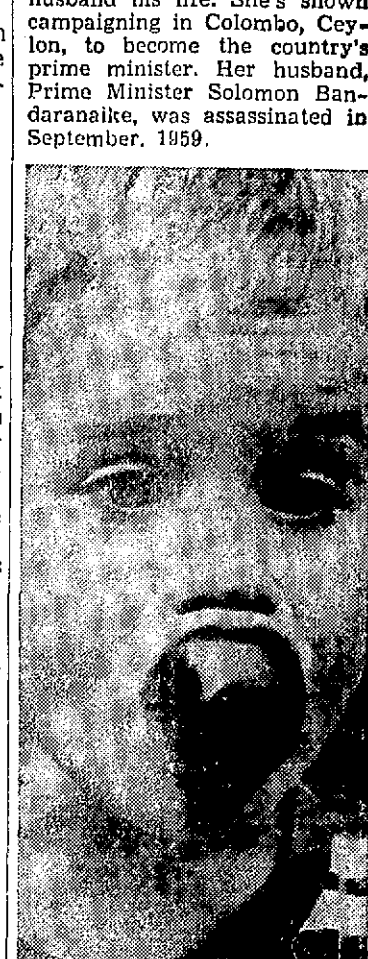

LITTLE ROCK (AP)—A bill to outlaw the Communist Party in Arkansas was introduced in the House today by Sebastian Rep. Mill Earnhat.

The measure would provide penalties of from one to 21 years in prison for any Arkansan to "knowingly be a member of or belong to the Communist Party."

It also provides for fines ranging from \$1,000 to \$5,000.

# Educator Dies at Arkadelphia

ARKADELPHIA, Ark. (AP) — L. M. Goza, 71, retired principal and superintendent of Arkadelphia schools, died in a hospital here Saturday.

Goza began his educational career in 1919 as principal and athletic coach here. He retired last year.

Survivors include his widow; a son, James L. Goza of Arkadelphia, and a daughter, Mrs. Lenelle Adams of Phoenix, Ariz. Services were set for today.

# Chou Visits Burma

RANGOON, Burma (AP)—Communist Chinese Premier Chou En-lai ended a weeklong goodwill visit today amid reports his regime has granted neutralist Burma an \$80 million loan.

Informed sources said the Chinese loaned the money on a long-term, low-interest basis for development of a cotton spinning factory, a paper mill and other industrial projects.

# UA Plant Termed 'Inadequate'

FAVETTEVILLE, Ark. (AP)—University of Arkansas President Dr. David W. Mullins today termed much of the school's physical plant "antiquated, almost hopelessly inadequate for today's needs and totally impossible for tomorrow's."

Mullins, whose school would share in a proposed \$53 million bond issue suggested by the presidents of state-supported colleges, did not list a dollar total of the university's building needs.

But said the university hadn't had a comprehensive building program for nearly a century and its construction requirements "have intensified to the degree that a massive action now is mandatory."

Without action, Mullins said, the university "would face an intolerable situation in the immediate years ahead."

He said that the school's eight most heavily-used buildings are more than 50 years old.

Wife Suspects Husband's Motives

By HELEN WORDEN ERSKINE

Dear Helen:  
My husband has a small business and had a young man do light office work. A knowledge of mechanics and parts is essential so a man is more suited for the job. A week ago, a woman came to the office and said she was filing divorce proceedings against her husband and needed work. My husband hired her on the spot and let the young man go but did not tell me or our family. Our son called the office and found out by accident. He, our daughter who is in college and I asked my husband if this was a wise move. His answer was that he needed this woman more than he needed his family. What can be done?  
For years I kept records and sent out statements for him at home and I know the actual work can be done in two hours a week. I could still do this and the young man could do the duties at the office. What is our legal right? Can this woman be made to leave? — Truly Hurt

Dear Truly Hurt: I find no mention of love in your letter. It would appear on the surface that you are more concerned over loss of the business than of your husband. Generally speaking, those marriages are happier where the wife minds her own business and her husband his. Of course a woman in the case alters the picture. But since this one has only been in your husband's employ a week, aren't you a little premature in jumping to conclusions? Opposition fans the flame. Ignore the situation until you have proof. Then if you're prepared to leave your husband, see a lawyer.

Dear Helen:  
There is no impartial person to whom I can turn except you. My mother told me she wished I would go elsewhere to live. Her dislike of me has been apparent for two years. She shouts at me, criticizes me for things I didn't or did do and never, never compliments me. I shall be 18 in two months. Should I stick it out at home until I marry, which will be in a year, or move now? Just because my mother had an unhappy childhood why should she make mine unhappy, too? — Unhappy

Dear Unhappy: Not all mothers love their daughters or qualify as parents. Yours evidently does not. Accept the fact and know that the maternal love you miss at home will come to you from another source. But you must seek it. If you haven't older friends, cultivate them. Build a life of your own away from home. Being underage, you can't leave now unless your mother puts you out. But when the time comes, be realistic. Go!

Dear Helen:  
What do you think of a brother who married a year ago, brought his wife home to live and, even though he's 21, only worked eight months in his whole life? We come from a large family and don't get along at all. His wife had a wonderful job. He made her quit. Now she's going to have a baby and they expect my Dad to pay the expenses. My Dad is out of work and they are driving him crazy. What to do! — Mad Redhead

Dear Redhead Cool off. This is your father's problem not yours. He failed in the upbringing of his son, else the boy would not act as he does now. Chickens have a way of coming home to roost. ## Porkers Take on Aggies in Loop Contest

COLLEGE STATION, Tex. (AP)—The Arkansas Razorbacks bring their shooting game to Aggieland tonight to try to wrest the Southwest Conference lead from Texas A&M.

If the Hogs (1-1) beat the Aggies (2-0) and Texas (1-1) beats Texas Tech (2-0), at least those four teams will be tied for first place.

But a Razorback victory over A&M won't come easy. The Aggies have a well-balanced attack, led by 6-5 junior Carroll Broussard and the Stanley twins, Pat and Don, both 6-3 seniors.

The Razorbacks have shot well in all but the 68-58 loss to Texas last week, but they lack height and their defense has been porous.

They bounced back from the Texas loss by beating Southern Methodist 76-74 in Fayetteville last Saturday night. But that was a squeaker, won in the last 25 seconds on a tip-in by sophomore Bobby Anderson.

If the Aggies win tonight, they'll probably be on everybody's favored list. And the Razorbacks, the favorite before the season began, could fall far down into the pack—at least psychologically — by losing.

Only Tech and A&M have perfect league records.

Arkansas' starting lineup probably will include three 6-6 men, Alan Morrison, Ronnie Garner and Tommy Boyce, and two of three hot-shooting guards, Clyde Rhoden, Pat Foster or Jerry Carlton. Foster scored 21 points as a reserve against SMU and Carlton hit 19.

Texas Christian visits Rice tonight and Baylor visits SMU.

## Vanderbilt Sails Into Elite Ranks

By DON WEISS  
Associated Press Sports Writer

Vanderbilt's unbeaten Commodores, Hoosier-coached and Kentucky and Indiana fed, have sailed into college basketball's elite under a fast-spreading South-eastern Conference formula: If you can't beat 'em, get 'em to come and join up!

The Commodores of Bob Polk, packed with talent from Polk's home grounds of Indiana and bordering Kentucky, shot their winning streak to 13 and their season record to 11-0 Monday night at Nashville with a 64-62 victory over Adolph Rupp's Kentucky Wildcats.

Out of the lineup was Bobby (Bimbo) Bland, their playmaker and second leading scorer who has a shoulder separation that may sideline him three weeks. But Vandy still had enough other Hoosier and Blue Grass talent to get the job done. Squad members from Indiana contributed 35 points and Kentuckians 19 points—or 54 of the 64-point total.

Reaching up to Indiana and Kentucky for basketball prospects has become almost a habit in the SEC the last few years as opposing coaches sought to break Rupp's Kentuckians from their stranglehold on the championship.

Bill Depp, a 6-7 senior from Edinburg, Ind., Don Ringstaff, a 6-2 sophomore from Smithland, Ky., and Larry Banks, a 6-6 senior from Jeffersonville, Ind., were the big men in the feature of a national program in which top-ranked Ohio State whipped Evansville 68-59 without Jerry Lucas, sixth-ranked Iowa rallied to beat Wisconsin, 76-68, and pesky Drake spilled St. Louis, 45-44.

Ohio State won its 11th of the season and 16th over a two-year span although All-America Lucas took the night off because of a twisted knee suffered against Illinois last Saturday. Larry Siegfried, with 21 points, and John Havlicek with 19 and Mel Newell with 16 more than took up the slack for big Luke Siegfried, with

## matter of FACT

Funny how fast one forgets the rationing and substitution that went on during World War II. Do you remember the "Victory Sausage"? It replaced the famous American hot dog for the duration. It was made of some meat—and an unannounced amount of soybean flour and other substitutes.

7 straight free throws, now has hit 23 in a row in his last three games.

Iowa (10-1) ran its winning streak to eight with a 15-6 burst in the closing minutes after Wisconsin, 10 behind at the half, had taken a 62-61 lead. The Hawks did it without late help from Frank Allen, who scored 24 points and Don Nelson who hit for 20. Allen fouled out and Nelson had to leave with a sprained foot and a deep head gash.

Drake nailed its 10th victory in 11 starts by building a 9-point lead and holding off a late St. Louis rally.

## Durocher to Coach for L. S. Team

LOS ANGELES (AP)—It wasn't long ago that Leo Durocher was saying there was a conspiracy among owners to keep him out of baseball.

Today he is back in the game—as a coach of the Los Angeles Dodgers, but under warning from General Manager Buzzie Bavasi that under no circumstances is he to second-guess Dodgers Manager Walt Alston.

Durocher spoke his lines very well at Monday's news conference.

Asked if he considered his new coaching job a stepping stone to another major league managerial post, the Lip, 54, told reporters: "I'm not looking for anything. I'm happy with the Dodgers, and that's it. I'm just a coach. Alston's the manager, and I think he's the greatest in the business."

In spite of that frank statement by Durocher, who led the Dodgers to a pennant in 1941 and subsequently managed the New York Giants to two pennants and a World Series, Bavasi decided on further emphasis.

"The first time there is any second guessing, that's it," he warned.

Durocher, once one of the top-salaried managers, reportedly will receive \$17,500. He said he was so happy to return to baseball after a six-year layoff that he hadn't discussed terms with Bavasi.

## Hope Teams Split With Texarkana

By Vince Foster  
Hope Star Sports Writer

Hope split two games with Big 9 Texarkana last night at Jones Field House as the Hope girls edged out the Texarkana Ladies 30-23 but the Razorback B squad took a cold Hope B team 39-21.

Brenda Mitchell sank the three winning free throws for the Hope Ladies in the final minute to give them the margin in this, their second win of the season. Hope logged 17-12 at the half and 24-21 at the end of the third. Then the Hope girls held the visitors to 4 points in the final period, while taking 9, of which seven of them came from the high pointer for Hope with 12, Brenda Mitchell.

Nita Messer had 10 for Hope, and Lera Callicutt and Judy Robinson sank 4 each. McJunkins, dropped in 14 for Texarkana.

The Hope B boys had a very cold night, scoring only 13 points in the first three quarters to 27 for Texarkana. The main reason for this was the visitors ran a man-to-man defense, to which Hope is unaccustomed. Yours truly and Green were high for Hope with 4 each. Compton and Horton sank three. Walker, Purtle, and Burns two each and Wray one. Hucklebee was high for Texarkana with 11.

Tonight the Hope Ladies and B boys travel to Saratoga, and they hope some supporters will travel to boost them also.

## Cage Poll Has Ohio State First

By JOE REICHLER  
Associated Press Sports Writer

Mighty Ohio State, continuing to roll over its rivals with monotonous ease, was the unanimous choice again today for the third straight week as the nation's No. 1 college basketball team in the weekly Associated Press poll.

The unbeaten Buckeyes, who made Illinois its 10th straight victim, 91-65, last week, gobbled up all 36 votes from the nationwide panel of sports writers and sportscasters to retain easily the top spot it took over in the first balloting five weeks ago.

Bradley, another of the nation's four unbeaten major colleges, clinging to second place by a comfortable margin over third-ranked St. Bonaventure (11-1) and fourth-ranked Louisville (13-0).

St. John's of New York (9-1) held on to fifth place and Iowa (9-2) advanced a notch into sixth place, replacing North Carolina (8-2).

On the basis of 10 points for first, nine for second, eight for third, etc., Ohio State received a perfect 360-point score. Bradley's total was 314 to 265 for St. Bonaventure and 252 for Louisville. St. John's 178 points was only 11 more than Iowa.

## N. Carolina Is Placed on Probation

PITTSBURGH (AP)—The University of North Carolina was placed on probation for one year today and ruled ineligible for the National Collegiate basketball championships.

The National Collegiate Athletic Association imposed the same penalty on Loyola of New Orleans and slapped Arizona with a one-year probation without additional sanctions.

But Oklahoma again was eligible for bowl games and available for national football telecasts. The Sooners were restored to full privileges in the NCAA Monday night when a year-old indefinite probation was lifted by the NCAA Council.

The council did not complete its work in the North Carolina and Arizona cases and the decisions

were put off until today.

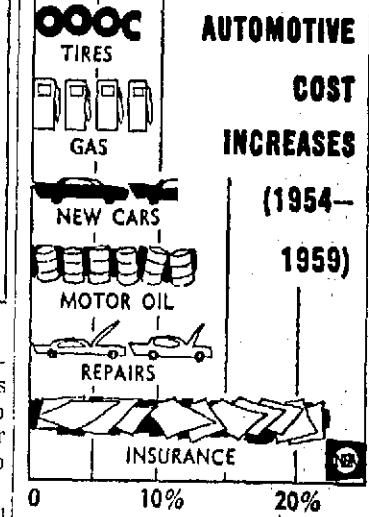

North Carolina was under investigation for alleged violations of the NCAA code in regard to basketball recruiting; Arizona for recruiting and financial aid to football players.

The Tar Heels of basketball coach Frank McGuire, currently ranked seventh in The Associated Press poll, are a recognized national power.

Arizona's strong game is basketball. Coach Frank Sauter's teams have won three straight District 6 championships and five out of the last six. Arizona was runner-up in the college world series in 1956 and 1959.

NCAA penalties vary. Sometimes the penalty applies only to the sport in which the infraction occurs. In the more serious cases, all athletic teams of the offending school suffer.

Auburn, for instance, has been on probation for nearly five years. During that time none of its teams has been eligible for tournaments, bowls or telecasts. But so spring sports would not be penalized a

sixth season, the NCAA Council Monday set April 21, 1961, as the date Auburn's probation will terminate. It had previously been Sept. 1, 1961.

Southern California, which got in trouble over football recruiting, was stripped of all postseason rights during 1959 and football telecasts in 1960. The Trojans' probation was ended Monday, as was Tulsa's. The latter school, another football offender, was on a year's probation.

The NCAA said it had been able

## Goalby Voted Man of Year in Golf

By BOB MYERS  
Associated Press Sports Writer

LOS ANGELES (AP)—Bob Goalby, voted golf's "freshman of the year" as a professional in 1958, today earned another diploma as a winner.

The 29-year-old Goalby headed for the San Diego Open this week-end with \$7,500 in the bank as the not-so-surprising winner of the \$45,000 Los Angeles Open.

The lack of surprise was that Goalby wound up 1960 winning the \$20,000 Coral Gables, Fla., Open plus the fact he finished in the first five in seven other tournaments last year and collected \$28,580 in prize money.

The handsome 6-footer, who stayed in contention in the early rounds with a 67-70-71 climaxed his bid with a brilliant 67 and a 72-hole total of 275.

This was nine strokes under par-71 for the Rancho Golf Course and gave Goalby the victory by three strokes.

Goalby wore down seasoned Paul Harney in a head-to-head duel. It started with Harney one shot in front as the final play began.

The popular Paul finished with a 72 for 279.

A brief rundown of the front finishers after Goalby:

Eric Brown of Scotland, 66, and Art Wall Jr. 67, tied for second and a reward of \$3,325 apiece.

Harney, 72, Ken Venturi, 68, and Billy Casper, 70, tied at 279, \$2,133 apiece.

Deadlocked at 280 were Gary Player, Tom Aaron, Gardner Dickinson, Bill Collins and Lionel Hebert.

to investigate more fully the details of an Oklahoma recruiting fund that had existed from 1952 free of any irregularities in regard to financial aid to football players.

**TRADITIONAL MERCURY COMFORT** Only Mercury has Cushion-Link Ride (standard on Monterey and Meteor 800)—a unique suspension system that absorbs jolts and jars that come through to you in other cars. It "gives" to 241 pounds heavier than other cars in its price range. Result: you enjoy a smooth, solid, steady big-car ride you'd expect room than in last year's spacious Mercury. Wider doors and more trunk space, too.

**TRADITIONAL MERCURY VALUE** There's extra value in Mercury's engine choice—all the way from the Super-Economy "6" (Mercury's first "6") to the powerful Marauder V-8's. And even the top-performing V-8's deliver up to 15% better gas mileage. There's extra value in Mercury's seven self-servicing features. From self-lubricating chassis to self-adjusting brakes, they save you money every mile you drive. Everywhere you look, the 1961 Mercury offers you traditional Mercury values. Now, for the price most people pay for a new car, you can own a Mercury. Take your pick of Mercury's three great series and drive it today!

HOW THE SHORTAGE OF GOLD HAS GROWN IN RECENT YEARS

	Excess Gold	Possible Foreign Claims	Potential Shortage
1957	\$10.8 BILLION	\$14.9 BILLION	\$4.1 BILLION
1958	\$8.5 BILLION	\$15.6 BILLION	\$7.1 BILLION
1959	\$7.3 BILLION	\$17.7 BILLION	\$10.4 BILLION
1960	\$7.0 BILLION	\$19.5 BILLION	\$12.5 BILLION

**ALL THAT GLITTERS**—Gold is more in the news these days than it has been since the California or Klondike rushes. But this time gold is doing the rushing to distant parts rather than the miners. The trouble is that the U.S. has been spending more than it has been earning abroad. Exports of American-made goods were well ahead of imports in 1960, yet not enough to balance off other expenditures: loans, military aid, investments, tourist spending, etc. We have enough gold to back up our currency and bank deposits, but the supply is diminishing as other countries demand payment in gold for bills we owe. There is not enough to cover all claims should they be presented for gold. That is the reason for the government's crackdown on unnecessary foreign spending and attempts to get our allies to assume more of the aid and military burden.

**NO INTERVIEWS**—Reversing Hollywood publicity trends, Sue Lyon, 14, playing the title role in controversial "Lolita," will be shielded from interviewers in England where the film is being made. Reason: Sue's directors say they "do not want to spoil her first impact on movie audiences." Hitherto, she has been seen only on TV.

## New Track Must Be Voted on

LITTLE ROCK (AP) — Gov. Orval E. Faubus said today he would propose legislation to make clear that any new horse race or dog race track proposed in the state would have to be approved by a majority of all voters in the affected county before it could be authorized.

He said this was his intention in a local option law passed in 1957 but that a Supreme Court ruling when a dog track was proposed for Hot Springs limited the

number required to a majority of those voting in the election.

"For the purpose of correcting the situation which resulted from the court's decision and to clearly establish the legal requirements we intended to establish in 1957, I am submitting to you two measures and I urge your approval of them," Faubus said in his inaugural speech.

He gave no further details of what the measures would contain.

## Dashiell Hammett, Writer, Dies

NEW YORK (AP) — Dashiell Hammett, 67, noted detective story writer, died today in Lenox Hill Hospital after a long illness.

Cause of death was not immediately made public.

## Says Plan to Redistrict Has the Votes

LITTLE ROCK (AP) — Congressional redistricting, agreed by Arkansas legislators to be the big issue in the 63rd Legislature which convened Monday, may not cause such a ruckus after all.

Cleveland Rep. Raymond Mays filed a redistricting bill with 59 signatures—eight more than are needed to pass the House—and said he had promise of support from at least 12 other representatives.

Over in the Senate, Sens. Roy Riales of Menard and Olen Hendrix of Antelope filed a similar bill, but made no claims of support. Several senators said individually they would support it.

Mays' proposal would put U.S. Rep. Oren Harris and W. P. Norvell in the same district and Rebs. Dale Alford and Wilbur Mills together in another district. They would have to run against each other and two of them would not be in Congress in 1962.

Reps. E. C. Gathings and Jim Trimble would be without opposition from colleagues. Arkansas is losing two congressmen because of its population loss.

Pulaski Rep. Glenn Walther Monday introduced another redistricting bill that would make Pulaski County a district in itself, leaving Alford alone. That plan appeared to have little support.

If the Mays plan passes, a threatened session-long fight and possible special session on redistricting would be avoided.

Mays predicted that his bill would pass both houses in a week.

Another important house bill was introduced in the General Assembly's first session by Pulaski Rep. J. H. Cottrell. It would create an overall supervisory board for the University of Arkansas and seven state-supported colleges.

Such a board would act as a co-ordinating agency but the eight schools still would have their separate boards.

Other bills introduced in the House Monday included one by Lawrence Rep. Paul Graham to give taxpayers a state income tax deduction for federal income tax paid. A similar bill passed both Houses in 1959 but was vetoed by Gov. Orval E. Faubus.

Senate Rep. Virgil T. Fletcher introduced a resolution to ask Congress to propose a constitutional amendment abolishing the electoral college and providing for election of presidents by popular vote.

Graham introduced a bill in the House which would exempt seeds and fertilizers from the three per cent sales tax. Feed already is exempt.

Sen. Clifton Wade of Fayetteville was elected president pro-tem of the Senate Monday after an hour-long executive session. He had opposition from Sen. Max Howell of Little Rock and Sen. Tom Allen of Brinkley. Wade, 50, an attorney, is starting his second four-year term in the Senate.

The House elected John P. Bethell of Paragould county as speaker, but that had been settled in pre-session maneuvering.

The retiring speaker, Mississippi Rep. E. C. Fleeman, predicted the Legislature would emphasize economy. He said the taxpayer is not able to stand general budget increases recommended by the Legislative Council.

The House Monday allotted itself \$39,600 and the Senate \$158,529 for expenses of members and staff salaries and expense.

## 16 Eligible for Emergency Loans

WASHINGTON (AP) — Sixteen Arkansas counties have been declared eligible for emergency farm credit, the Farmers Home Administration said Monday.

FHA said the counties are Clay, Craighead, Cross, Greene, Lee, Mississippi, Phillips, Poinsett, St. Francis, Jackson, Lawrence, Monroe, Prairie, Woodruff, Chicot and Lincoln.

Rep. E. C. Gathings, D-Ark., said he was told that Crittenden County also may be included in the group within a few days.

The FHA said the action was taken because of conditions resulting from heavy rains and unfavorable economic conditions. Farmers will be able to refinance federal production loans and get new loans at low interest rates if further commercial credit is not available to them.

## Herter Meets With Red Envoy

WASHINGTON (AP) — Soviet Ambassador Mikhail A. Menshikov and Secretary of State Christian A. Herter had what the Russian called "a quiet discussion" today about Laos.

The ambassador, who asked for a meeting with the secretary, called at the State Department and was with Herter for about three-quarters of an hour.

It was an unusual meeting under present circumstances of cool U.S.-Soviet relations.

A State Department spokesman confirmed Menshikov had discussed the situation in troubled Laos, but declined to give any further amplification immediately.

The United States and the U.S.S.R. have each accused the other of interference in the situation in the Asian country.

## Has New Way to Fight Integration

LITTLE ROCK, Ark. (AP) — Gov. Orval E. Faubus today used his inauguration for an unprecedented fourth term to propose a new measure to fight school integration.

Faubus, central figure in Little Rock's 1957 school desegregation controversy, proposed a new constitutional amendment which he said would preserve segregation but retain free public education.

The proposal, he said, would assure a pupil of a free public education despite any refusal to attend school with those of another race "when he or she proves to the satisfaction of his or her school board that to do so would be inimical to his or her welfare."

## Congo Troop Movement

LEOPOLDVILLE (AP) — The pro-Lumumba rebels in Stanleyville today were reported moving troops into Katanga, the rich Congo province ruled independ-

ently by secessionist Premier Moise Tshombe.

## Faubus Names Liaison Men

LITTLE ROCK (AP) — Gov. Orval E. Faubus named two legislative liaison men Monday to represent him in place of legislative floor leaders in the two houses.

W. J. Smith, Faubus' legal adviser, was named chief legislative assistant, and Bill Lancy, assistant labor commissioner, was named as Smith's assistant.

Lancy is on leave of absence from his regular duties for the 60-day session.

Smith, who has handled legislative matters for governors on and off since 1941, unofficially represented Faubus during the 1959 session.

## Last Survivor of Family Dies

LITTLE ROCK (AP) — Mrs. Emily Boyle Bourne, last surviving member of a prominent Little Rock family, died Monday in a Little Rock hospital.

Mrs. Bourne was the widow of John Morris Bourne.

She was born at Little Rock, a daughter of the late John F. and Mary Matilda Dorsey Boyle.

Her father, an insurance man, was prominent in Arkansas business circles. Her late brother, John F. Boyle, also was well known in business. The Boyle Building in Little Rock at Capitol Avenue and Main Street was named for him.

Mrs. Bourne's age was not disclosed.

## Draft Quota to Be 52 Men

LITTLE ROCK (AP) — State Selective Service Headquarters today announced that Arkansas' February draft quota will be 52 men. This compares with a call of 49 this month and an allocation of 64 in February of 1960.

## Clinic to Hear Texas Coach

LITTLE ROCK (AP) — Milton Jowers of Southwest Texas State College in San Marcos, Tex., will be chief basketball instructor during the Arkansas High School Coaches Association's annual clinic here next Aug. 9-12.

His selection was announced today by N. E. McCauley, Hot Spring High School coach who is president of the association. The clinic is held annually in conjunction with the high school all-star games.

TIME FOR VIOLENCE

CHAPTER XXVI

They rode out of town after stopping at a saloon where Gentry spent a dollar of his money for a bottle of whisky. He drank steadily until he hit the bottom. Then he gave a yell and threw the bottle as far as he could, then spurred the bay into a gallop. He fell off a moment later, rolled over and over across a patch of prickly pear, and finally came to a stop flat on his back, laughing like a man in a minstrel show.

Bart rode up beside him. The bay had stopped and was grazing a quarter of a mile away. Bart said, "Can you get on your feet?"

Gentry was still pretending to laugh, and Bart began to sense something wrong. "What's funny?" he demanded.

"Jones wanted you to escape," said Gentry, suddenly sobering. "He told me to tell you that story about Miz Lewis so you would break jail."

Bart considered. It looked as if, to tell the truth, he was in a bad situation no matter what he did. The fact was that Jones had taken the initiative as far as Bart was concerned, and had done it very smartly.

Gentry was standing. His dirty shirt was full of prickly pear thorns, and one hand rested on the butt of the six-shooter, which he had stuck into his waistband. "And you were supposed to get me to break jail so I would leave the Panhandle and get the blame for whatever he does?"

"You already broke jail," said Gentry, "and you're ready to be blamed."

It was the first time in years he had really lost his temper, and afterward he was sorry he had lost it with Gentry, for Gentry was nothing but a hired man. The only thing was, Gentry was so thoroughly obnoxious that Bart saw the smug look of triumph on his face and forgot himself.

He saw Gentry pull the six-shooter from his waistband, and shouted, "Don't do it!" and dodged at the same time.

Gentry's shot went wild. Bart shouted, "Stop!" but Gentry shot again.

"I ain't scared of you!" Gentry shouted.

## Mansfield Off on Note of Optimism

By JAMES MARLOW

Associated Press News Analyst

WASHINGTON (AP) — Sen. Mike Mansfield of Montana, the Democratic new Senate leader, starts off on a breezy note of optimism. Before the end of this year, or even this month, he may feel a little less bouncy.

Speaking of the Senate—where his Democrats far outnumber the Republicans—Mansfield said: "I look forward to a period of harmony and unity."

"The first test of both harmony and unity is coming in a hurry as the Senate gets down to examining and approving the men President-elect John F. Kennedy has chosen for his Cabinet."

Republican Douglas Dillon was scheduled for the first looking over, Wednesday. He was President Eisenhower's undersecretary of state and didn't make Republicans happy by accepting Kennedy's offer to make him secretary of the treasury.

The brilliant Dillon, who always got along with Congress, probably won't have any trouble getting approval. The actual approval, of course, must wait until after Kennedy is sworn in as president Jan. 20.

Between now and then various Senate committees will quiz Kennedy's Cabinet appointees and others he has chosen for key jobs as a preliminary to full Senate votes later.

Mansfield even predicted quick passage of the main parts of Kennedy's "new frontiers" program, with some help from the Republicans. It may turn out he'll need a lot of Republican help.

One of the first Kennedy choices likely to run into some rough going is Chester Bowles, designated for undersecretary of state.

Sen. Styles Bridges of New Hampshire, chairman of the senate Republican Policy Committee, told the New York Herald Tribune he and others would give Bowles the "closest scrutiny."

The reason: Bridges accuses Bowles of a "lot of double talk" on whether this country should recognize Red China.

In the Senate, some Southern Democrats have threatened to oppose Kennedy's nomination of Robert C. Weaver, a Negro, as director of the Housing and Home Finance Agency.

Kennedy had pledged himself to end racial discrimination in gov-

ernment subsidized housing. Weaver, who hardly could do otherwise, since Kennedy picked him, promised to have the same attitude.

Home builders in the South might lose some money if the government sought to withhold funds from construction unless whites and Negroes could live side by side in it.

Sen. A. Willis Robertson, Virginia Democrat, announced opposition to Weaver, although he didn't say it was because Weaver is a Negro. Robertson is chairman of the Senate Banking and Currency Committee which will examine Weaver.

The unity which Mansfield sees may in the end prevail but it is unlikely to be harmonious.

## Youth Wins Close Brush With Death

VIRGINIA CITY, Nev. (AP)—Larry Dacek, 15, of Reno, was recovering at home today from the effects of a close brush with death.

He was rescued Saturday night from a shaft over the Suro tunnel in Virginia City's Comstock Lode country.

Larry expressed his gratitude from his hospital bed here.

"All those guys did a wonderful job," he said. "I don't know how to tell them thanks."

Larry is suffering from a possible fracture in his back.

"But I feel a lot better than I did down there."

The youth spent nearly 11 hours crouched 50 feet below the surface in the narrow, crumbling mine shaft. Rescuers said the vertical air shaft originally connected with the Suro tunnel some 1,400 feet below the surface, but a recent cave-in sealed it at 50 feet.

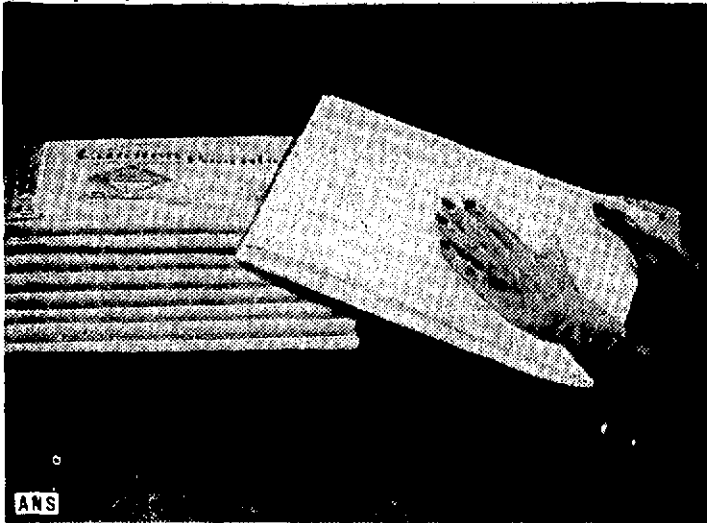

Walt German, 42, an off-duty Carson City policeman and ex-rigger went down a rope to rescue the boy.

Workers said the rubble which plugged the hole could have dropped at any moment. The only support was aging timbers.

German said the rescue "was just part of my duty as I saw it."

Larry and two other boys had been trying to find a way into the Suro tunnel. The friends, Fred Veldner, 16, and Howard Carlson, 17, lowered Larry into the shaft by a rope which broke when they tried to pull him out again.

## How to Buy Sheets at White Sales

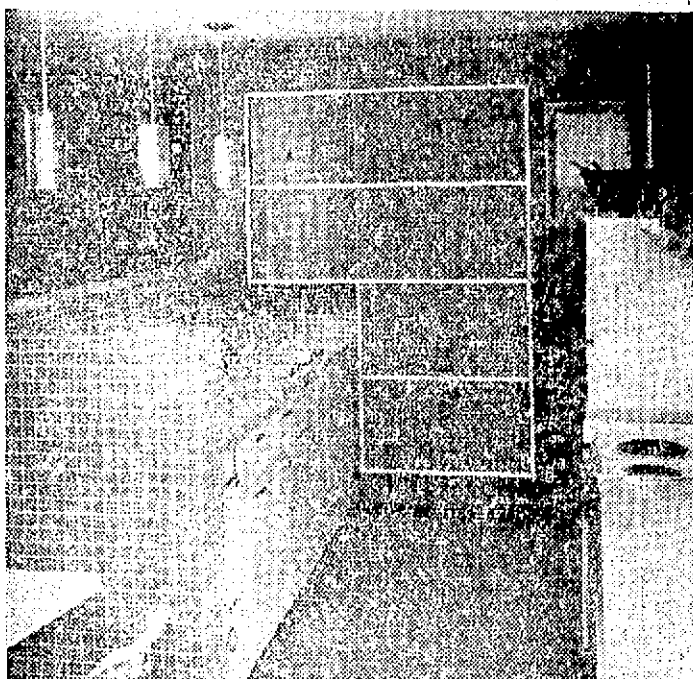

IN SHOPPING for percale sheets at this year's White Sales, make this interesting test: run your fingers over sheet or pillow case (ask salespeople for an opened package). If it feels unusually smooth and soft, the chances are it is combspun percale woven with Pima blend.

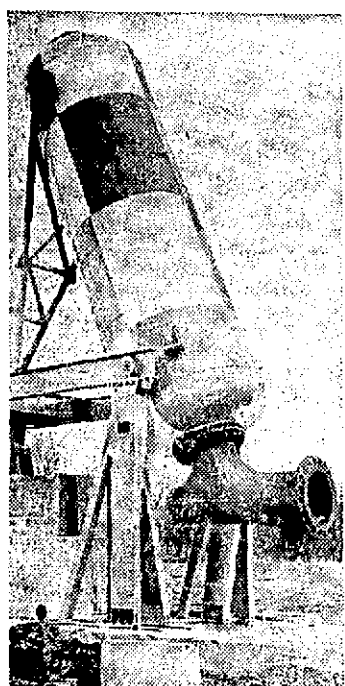

According to Cannon Homemaking Service, Pima blend in the yarn of these combspun percales makes the sheet softer, finer and longer wearing. The long staple of Pima cotton blended with regular upland cotton, overlaps or coils farther, creating a yarn of unusual strength.

This yarn is so fine that a twin size combspun percale contains over twenty-five miles of smooth silky thread. Yet Pima blend sheets cost no more than regular upland cotton ones.

## Masonite Cherry-Grained Doors Highlight Cabinet

The striking feature of this kitchen is the unusual and handsome battery of custom-built cabinets with the beautiful cherry-grained hardboard sliding doors for each of the four sections. With modern hardware, wood shelves, a good selection of Masonite woodgrained hardboard panels in quarter-inch thickness and attractive wood trim, the professional or amateur carpenter can build beauty and function into a storage unit with considerable ease. The cabinets pictured here were hung on a Panelok wall, directly to the perforated steel lock-strips that support the hardboard panels at two-foot intervals.

permitted to levy a \$5 automobile license tax.

Before the inauguration ceremony, Faubus and his family and top administration associates attended a special service at the First Baptist Church. He attended a similar service before taking over as governor in 1955.

Faubus noted that two years ago the Legislature had authorized him to call a special election to issue highway construction bonds but that the Highway Commission had been able to continue its program without such a step.

He asked for similar authority this year in case federal funds became available which could not be matched without a bond issue and said he made the same promise as before—that he would not call an election unless it was requested by the Highway Commission.

Faubus said he was told that approximately 40 million, now "frozen" by the Bureau of Public Roads, might be made available later to Arkansas.

The governor said a conservative estimate was that annual revenue from general sources would reach \$110,600,000 during the 1961-63 biennium, an increase of over \$17.6 million over annual allotments in 1959.

He outlined—as he had before—how the increase was to be divided among education and other services and said that in addition \$10 million in surplus could be used for capital construction.

Then Faubus commented that "I told the people of the state in the campaign last summer that I would have no new or increased taxes to recommend to this General Assembly and I have none."

After this he launched into a discussion of the half million dollar bond issues which heads of the university of Arkansas and the seven state-supported colleges have proposed, to be retired by a cent a bottle tax on soft drinks.

The bond issue would have to be approved by popular vote and after noting this Faubus repeated that "I do not propose a new tax, but, in good conscience, I cannot refuse to permit the people to vote upon this measure, if you see fit to submit it for their consideration."

The education institutions would get \$42 million, under the college presidents' plan, and \$8 million would be divided between the State Hospital and the Children's Colony, whose officials have in-

## 'Task' Force

Continued from Page One

sity of Michigan, described the health insurance proposal as "the only sound and practical way of meeting the health needs of most older people."

At a news conference Connecticut Gov. Abraham A. Ribicoff, secretary-designate of the Health, Education and Welfare Department, emphasized that the program proposed in the report should properly be termed a health program for the aged, rather than a medical program. "It has nothing to do with doctor's bills, so that is a misnomer," Ribicoff said.

He said doctors' bills ordinarily account for only 25 per cent of health cost.

Cohen, at the same news conference, said the task force recommendations closely follow the terms of a bill introduced last year in the Senate by Kennedy and Sen. Clinton P. Anderson, D-N.M., but he said that the task force recommended broadening the coverage to include in the proposed health care, men 65 and older and women 62 and older as well as widows, orphans and the disabled receiving Social Security benefits. The Anderson-Kennedy bill was confined to men and women 68 and over.

indicated they are not altogether happy with the proposed division.

Another \$3 million would be in reserve, and the issue has sometimes been mentioned as for \$53 million.

"If we are to have a bond issue, with or without an additional tax levied, I think it would be proper for us at the same time to consider other construction needs."

He listed 19 such needs, the largest by far state parks with \$4 million. A Revenue Department building, which Faubus said could pay for itself with rents from agencies now renting space from private owners, was listed at \$1,650,000 and Blind and Deaf Schools at \$1.5 million. Other amounts ranged down to \$15,000 for Arkansas Post, \$50,000 for Prairie Grove Battlefield and \$15,000 for the History Commission.

McRae Sanatorium, National Guard armories, vocational Trade School, Library Commission Building, Tuberculosis Sanatorium and Livestock Show were listed at \$500,000 each.

Although he made no specific recommendations on the two, Faubus said he anticipated that two of the major construction projects in the near future would be further work at the State Hospital and Children's Colony.

Faubus didn't devote the same attention to the racial situation but he had in previous inaugurations but he again criticized the U. S. Supreme Court for its 1954 desegregation ruling and he dared the "integrationists, who so cleverly sabotaged Amendment No. 52 to step forward and immediately challenge the constitutionality" of his proposed new segregation amendment.

He proposed continuation of the legislative appropriations to help defray legal expenses of school districts involved in integration lawsuits.

Faubus said he would propose an amendment to improve the present method of amending the state's constitution. He didn't give any details.

The emotional wall of frustrated love in "Splendor in the Grass," provides Natalie with her best role since "Rebel."

## NEWEST IN HOME DISHWASHERS

Smart styling, push-button convenience, and washing versatility are built into this all-new Superba VariCycle series of KitchenAid home dishwashers. Beautiful wood grain finish is possible with new trim kit which offers an almost unlimited selection of colors and finishes. Redesigned control panel is in two shades of neutral beige. Wide chrome handle adds to smooth, long lines. Push buttons offer choice of three completely new cycles, the ultimate in convenience for every dishwashing need. KitchenAid Superba accommodates service for 12, will be offered as an undercounter built-in (shown here) and, with a simple conversion kit, can be transformed into a free-standing unit or counter-height model.

## Hagerty Takes Over Daly's Job

NEW YORK (AP)—Three days after President Eisenhower leaves the White House, his press secretary, James C. Hagerty, will take over as vice president in charge of news, special events and public affairs at the American Broadcasting Co.

Hagerty, 51, announced his White House resignation Monday. He is taking John Daly's job at ABC. Daly resigned in November in a dispute with the network over policy.

Hagerty, who received \$21,000 a year as White House press secretary, declined to reveal his ABC salary. Informal sources believe it is about \$50,000 a year.

## Integration

Continued from Page One

C. Aderhold went into conference with the school's administrative council. They were awaiting word from the governor.

Some students had packed and returned to their homes for vacation after hearing that Vandiver would shut the school until the legislature can act to repeal the funds cutoff provision in state law.

Donald L. Hollowell, chief counsel for the Negroes, was reported en route to Macon, Ga., 100 miles south of Atlanta, apparently to seek some new federal court order.

Vandiver announced at midnight Monday that he would cut off operating funds if integration came. State Atty. Gen. Eugene Cook flew to Washington to appeal to the U.S. Supreme Court for a last-minute delay.

Vandiver asked the legislature Monday night to repeal the law which would cut off funds to the university.

Vandiver, who frequently has pledged no Negro would attend classes with white students as long as he was governor, called the closing of the 175-year-old institution "the saddest duty of my life."

After Vandiver conferred by phone with university President O. C. Aderhold at the campus in Athens, some 70 miles from Atlanta, university officials announced a one week "holiday" in which all classes would be canceled. Four persons were arrested in student demonstrations following the midnight announcement.

The Negroes, Charlayne A. Hunter, 18, and Hamilton E. Holmes, 19, both of Atlanta, were to have begun classes at 9 a.m. today as the first Negroes to break the color barrier at any school in Georgia.

Vandiver, in tossing the red-hot political potato into the legislature's lap, speculated the university could be reopened within a week—apparently on an integrated basis—if the segregation law is repealed without delay.

"I will not be a party to defiance of the law as many would wish," Vandiver said in referring to U.S. Dist. Judge W. A. Bogle's order to admit the Negroes. The governor said he had every confidence the students at the university would "act as ladies and gentlemen" during the crisis.

About 2,000 white students trailed Holmes and Miss Hunter around the campus as they completed registration Monday, boing and yelling but offering them no violence. Earlier, nearly 3,000 students had signed petitions urging that the university be kept open even if integrated.

WASHINGTON (AP)—A petition asking a stay of integration for the University of Georgia was presented to Justice Hugo Black of the Supreme Court this morning.

There was no indication within the justice would act.

A stay request was made by Atty. Gen. Eugene Cook of Georgia, who flew to Washington from Atlanta.

Mary Lyon, founder of Mount Holyoke College in South Hadley, Mass., was the first woman chosen for the Hall of Fame for Great Americans at New York University. She was named in 1905.
